

# QUALITY ROUNDTABLES AND FUTURE PV ROUNDTABLES

YOUR PREMIUM PLATFORMS  
FOCUSING ON QUALITY & INNOVATION  
IN PHOTOVOLTAICS

**pvmagazine** group

# OUR ROUNDTABLES

Since 2014, pv magazine has been hosting its **Roundtables**, which are highly **interactive workshops** addressing **investors, EPCs, installers, project developers and manufacturers**.

As a global player, we are proud to host our Roundtables all over the world and at **the biggest solar trade shows**, including **Intersolar Europe and SPI**. This year, we will bring our Roundtables to new markets with events to be held at **REI and PV Taiwan**.

## THE SUCCESS OF OUR ROUNDTABLES

- ➡ Gathering experts and key players in the industry
- ➡ High quality content
- ➡ An interactive approach

## OUR TWO TYPES OF ROUNDTABLES

Over 95% of our audience are **decision makers** of PV companies (CEOs, CTOs, Department Heads, etc.).

■ Top Management ■ Others

Reach the photovoltaics experts thanks to our **world-wide reputation** as the most authoritative solar trade media.

■ Manufacturers ■ EPCs & installers ■ O&M  
■ Financial institutions & investors ■ System owners

# PARTNERS AND TESTIMONIALS

## OUR PARTNERS FOR PREVIOUS AND FUTURE EDITIONS

Our initiative partners:

Heraeus

Our gold sponsors:

Multi-Contact

MC

STÄUBLI

SUNTECH

MEYER BURGER

**"Great event!  
Very beneficial sponsorship for DuPont!"**

Michael P. Buri   
Global Brand Manager  
Photovoltaic and Advanced

■ Suntech was very pleased to be selected to participate in the pv magazine Quality Roundtable, an excellent interactive event focused on the importance of using the highest quality materials, rigorous quality assurance and strong warranty backup all of which contribute to Suntech's excellent bankability for investors. ■■

Alex Zhu   
President of SFCE America

# QUALITY ROUNDTABLES

During our Quality Roundtables, key questions regarding quality will be presented in granular detail with invited experts providing input into how quality can be maintained, and poor outcomes avoided.

field tests reveal the key to PV performance

## QUALITY ROUNDTABLES

# FUTURE PV ROUNDTABLES

Under the banner Future PV, pv magazine has been providing leading coverage and agenda-setting discussions in cutting edge technology.

Since 2015, the focus of the Roundtables has continued to evolve via in-depth magazine and online features on cell technologies, high efficiency modules, innovative materials and equipment, new EPC approaches to system installation.
